

DISCOVER MEXICO THROUGH OUR ARTISANS.

Synopsis

This documentary series shows some traditional techniques still in use thanks to the improvement, patience, creativity, and specially, the inheritance of knowledge from parents to children and from masters to apprentices in different places in Mexico. Based on testimonies of folk artists, also features their customs and local and international significance.

Built on the testimonies of popular artists and the people around them, the series also highlights the traditions of the places they inhabit and the transcendence that their work has had at the local and international level.
